Another case of smallpox has de-
veloped down on the Hondo, another
Mexican child having developed the
disease. However, there is but little
danger of the malady spreading as a
close quarantine is being maintained.

Will Windrow pushed his Ford
from San Angelo to Hondo in one
day this week. As it was a matter

not tired on reaching home. But Bill

before retiring.

BACK NEARLY KILLED HIM

Soon Recovers Health After Taking
Dr. Thacher's Liver and
Blood Syrup.

"Dr. Thacher's Liver and Blood
Syrup started me on the road to
good health and I am now well and
strong," said T. J. Gee, 1617 Crump
St., Ft. Worth, Texas.

"My stomach was all out of order
and I was all the time having trouble
with gas and indigestion. Head-
aches made me miserable and my
back would nearly kill me. I had
rheumatism in my legs and some-
times would get so dizzy I'd come
near falling. My nerves were wreck-
ed and I couldn't half sleep at night.

"After trying many other pre-
parations without getting anywhere
I at last got hold of Dr. Thacher's
Liver and Blood Syrup and began
to mend right off."

Dr. Thacher's Liver and Blood
Syrup is sold by W. H. Windrow and
if you are not satisfied the purchase
price will be refunded.

JUDGE BURNEY BACK.

Uvalde, Tex., Sept. 24.—District
Judge R. H. Burney opened District
Court here this morning. After many
years of absence, he again occu-
pies the bench. Some years ago the
Legislature changed this judicial dis-
trict, cutting Uvalde County out of
Judge Burney's district and placing it
in the district of Joseph Jones of the
Del Rio district. Recently the Leg-
islature changed it back again.

Judge Burney is well acquainted in
this county and received a welcome
from his old friends. His charge to
the grand jury was in his usually
forceful style, calling their attention
to the supremacy of their oath to all
other oaths, the duty to State and Na-
tion coming first and they must do
their duty regardless of friendships
or affiliations of any kind.

WILD CAR CRASHES

PINNING MAN DOWN.

A. J. Hardt, 31, residing at Hondo, had his right leg broken between the knee and the hip Monday morning at 6:15 when his automobile truck turned over on the Pearsall Road as Mr. Hardt was coming to San Antonio. The accident occurred about 17 miles from town.
Mr. Hardt's truck loaded with hogs, got beyond his control and slipped to one side of the pavement, causing it to overturn. Mr. Hardt, sole occupant of the car, was pinned underneath. He was brought to San Antonio in an ambulance from a local establishment and taken to Kennedy's Sanitarium where an X-ray showed the right leg to be broken.
Another X-ray will be taken Tuesday morning to determine if the man is injured internally, it was announced at the hospital Monday night.—Monday's Express.

HARDT IS ACQUITTED.

EAGLE PASS, Tex., Sept. 20.—The jury in the case of Horace Hardt charged with highway robbery brought in a verdict of acquittal which was the last case to come before the court at this term. Hardt was indicted at a recent term of the grand jury for holding up and robbing Pascal DeBona, on the Uvalde road a few miles from Eagle Pass. Mr. DeBona and a young lady were out driving. The complaining witness could not positively identify the defendant as the party who held him up. Court has adjourned for this term and District Judge Jones and District Attorney Henry have returned to their homes in Del Rio.

TREASURY SAVING CERTIFICATES.

Because of their absolute safety, compound interest and convenient availability, the demand for the United States Government's loss-proof Treasury Savings Certificates is showing a steady increase at Hondo.

Last month, the residents here safely salted away more than .60c per capita in these registered Government obligations which can be had through the local Postoffice in \$1000, \$100 and \$25 denominations at the profitable prices of \$820, \$82 and \$20.50, respectively.

Postmaster Alf. M. Finger has been officially congratulated by Director Hume for the way the local Postoffice is serving investors of the community who desire to invest in Government Securities.

Treasury Savings Certificates are sold by the Government with a guarantee that protects the owner against any form of loss. They are practically tax exempt; and, while they mature five years from purchase, they are readily cashable before maturity, at the owner's option. One of the most popular Treasury Savings Certificate investments is the "limit" purchase, by which an investor may salt away \$4100 now and draw out \$5000 later, making an interest profit of \$900 in five years. Certificates may be registered for an individual, for two people, or for one person, payable, should he die, to a named beneficiary.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 75c per bottle.

The Quinine That Does Not Affect the Head

Because of its tonic and laxative effect, LAXATIVE-BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE. 30c.

She is survived by her husband, Joe Weber, of Hondo; two sons, Emil and William Weber, both of Hondo; four daughters, Mrs. Lillian Brown and Mrs. Isebel Koch, both of this city, Mrs. Laura Graff of Hondo and Mrs. Alfred Hutzler of Castroville; one brother, Joe Weiss of Devine, and 11 grandchildren. T. H. Horn and H. T. Crane, who
have acreage in Medina County in
the vicinity of the Ina wells and who
are watching developments in that
section with the intention of develop-
ing their own acreage in case the field
is extended, had information Wednes-
day that the Ina No. 2 pumped 25
barrels in eight hours.

The well was not put on the pump
as quickly as had been expected, the
first announcement being that it
would be tested out last week Thurs-
day. In the test Monday it showed
25 barrels in about eight hours and
the gas was increasing as the pump-
ing continued, which leads oil men to
believe that the production will get
considerably better after the well
has been on production for a time.

This was the prophecy of some
geologists when the first well was
brought in, that the production would
probably increase as the well was on
sustained production.

Several other wells are being drilled
in that section. There are about
a dozen deals on for derricks to go
up and rigs to go in, and the Jake
Wolfe well west of the Ina producers
is now down several hundred feet and
near the production. Dr. O'Brien
has been delayed on account of en-
gine trouble and is sending out a
second engine. McBride has spudded
in and Donaldson et al. are down
about 300 feet.

Fred Dentler, it is reported, has
been instructed to build a derrick on
the Judge J. F. Carl land to the
southeast of the Ina, and Burris is
getting ready to spud in on the Jacob
Huff survey about three miles south.

The Ina wells are newly circled
with tests that will soon give up a
vast amount of information on the
field.

The foregoing oil notes are taken
from an issue of the San Antonio
Express of the earlier part of the
week. The Anvil Herald force has
been too busy this week to chase
down every oil rumor that has been
floating in the air and winnow the
facts from the wild reports.—Ed.

DON'T EXPERIMENT

You Will Make No Mistake if You
Follow This Hondo Citizen's
Advice.

Never neglect your kidneys.
If you have pain in the back, urinary
disorders, dizziness and nervous-
ness, it's time to act and no time to
experiment. These are frequently
symptoms of kidney trouble, and
a remedy which is recommended for
the kidneys should be taken in time.

Doan's Kidney Pills is a good rem-
edy to use. No need to experiment.
It has acted effectively in many cases
in Hondo. Follow the advice of a
Hondo citizen.

B. H. Robinson, carpenter, says:
"I was troubled with my kidneys. I
had to get up three or four times at
night to pass the kidney secretions
which were scalding and highly col-
ored. I had dizzy spells and black
specks appeared before my eyes. My
head ached and I had sharp pains
through my kidneys. A friend told
me of Doan's Kidney Pills and one
box of Doan's regulated my kidneys
and my back never aches now."

The BROWN MOUSE

by Herbert Quick

WHEN Herbert Quick writes a story it is the time for every-
one to sit up and take notice; for he is one of the most ver-
satile and entertaining geniuses in this country. Farmer, school-
master, lawyer, editor, public servant, social worker and novelist, he
has had a great round of experiences and has worked many of them
into his stories. Born in Grundy county, Iowa, he has been mayor of
Sioux City, nominee for supreme judge, editor of Farm and Fireside,
member of the Federal Farm Loan bureau and several other national
commissions, and during the war, had the rank of colonel conferred
upon him by the Red Cross.

In "The Brown Mouse," Mr. Quick has taken his inspiration from
the Scotch scientist who crossed Japanese waltzing mice with the
common white breed and among other hybrids got a brown individual
that was different from anything else in the world. Unlike its domes-
ticated parents, it was wild; it ran away, bit, gnawed, scratched and
raised hob generally.

Jim Irwin, the hero of the tale, is a brown mouse. His ped-
father was a waltzing mouse, no good except to jump from one spot
to another for no valid reason. His mother was a white mouse, hav-
ing had all her color washed out in one way or another. Like the
brown mouse which refuses to act according to the rules of heredity,
Jim had ideas of his own and did many surprising things. He com-
pletely woke up a sleepy farming community and showed it what a
touch of genius can do.

Dainty Madge Bellamy, the diminutive "movie" star, had no worries concerning Easter togs, for on that day she donned her mother's finery of another day. Miss Bellamy is well known among the many other screen stars.

Here to Conduct Revival.

REV. W. H. MCKINNEY

METHODIST REVIVAL BEGINS.

Friday night marked the beginning of the revival at the Methodist church. Rev. W. H. McKinney, one of the conference evangelists of the West Texas Conference, is preaching each morning and evening. The local pastor is conducting the song service. Rev. McKinney is a very forceful speaker, having had many years' experience in the evangelistic work. No "clap-trap" methods, employed by

some of our modern day evangelists, will be used in this meeting. A plain and forceful presentation of the gospel of Christ, without frills or fancies, will characterize each service of the meeting.

Hours of service through the week-day will be at 10:00 a. m. and 7:30 p. m. Sunday services at 11:00 a. m. and 7:30 p. m. All Christian people, and even those who are not identified with any church, are urged to be present at every service.
A. M. Foster, Pastor.

WATCH YOUR STEP

"Why don't you look where you are going?" asked the inebriated person who had been bumped into by an absent-minded gentleman.

"My thoughts were elsewhere," said the absent-minded gentleman. "I was just meditating on the situation in central Europe."

"Well, if you have anybody dependent on your support you'd better meditate on the uncertainty of life in a large city."—Birmingham Age-Herald.

Useless Information.

"What are your ideas on the theory of relativity?"
"The same as my ideas about the possibility of Mars being inhabited," said Mr. Glipping. "I don't know a darned thing about it, and what's more, if I did know anything about it, that wouldn't mean any more money in my pay envelope at the end of the week."

Wages, Indeed!

"What's the matter with the prima donna now?"
"Eh?"
"Who's been harrowing the soul of an artist?"

"We have a new treasurer who hasn't had much experience with temperamental stars. When he handed her \$2,000 for a week's toll he called it 'wages.'"

Can Do All Her Work With Ease

Stella Vitae Built Her Up and Gave Her Strength, Says Mrs. Thurmond.

"I was hardly able to get around before taking Stella Vitae, but now I can do all my work with the greatest ease," said Mrs. B. A. Thurmond, of Inez, Texas.

"My work is very confining and some time ago I felt it was wearing me out and I was threatened with a breakdown. I lost my strength and became so weak and rundown I was hardly able to go. I felt tired and worn out and it would nearly kill me to get up in the morning and start to dress."

"I had heard much praise of Stella Vitae and what good it was doing others. I got a bottle and felt better after taking it. I kept it up and took about five in all and now I am feeling fine. It built me up and gave me the strength and energy I needed."

Stella Vitae may be obtained from W. H. Windrow and the purchase price will be refunded if it fails to bring relief.

MORE MEN THAN WOMEN HAVE APPENDICITIS.

Medical reports shown men are more subject to appendicitis although many sudden cases occur among women. It can be guarded against by preventing intestinal infection. The intestinal antiseptic, Adler-I-ka, acts on BOTH upper and lower bowel, removing all foul decaying matter which might cause infection. It brings out matter you never thought was in your system and which may have been poisoning you for months. Adler-I-ka is EXCELLENT for gas on the stomach. W. H. Windrow, Druggist.

Feed for a Thrifty Moul

We used to think, just as lots of people do, that it doesn't make much difference what you feed hens when they moult. We changed our notion after we saw what Purina Chows will do.

Building Up Hens During the Moul Means More Eggs

When not fed properly at moulting time, a hen robs her flesh of protein to make feathers. This stops her laying. By feeding Purina Chows, you help her make feathers quickly and get eggs sooner. Get your hens in shape for big production. See us today

GIVES FREE TICKETS.

A total of 3607 free school children's tickets have been sent to the children of Medina County schools, these tickets entitling the holders to free admission to the Texas State Exposition, Austin, October 1 to 6, on either one of the first two days of the fair here. It was through the co-operation of County Superintendent W. N. Saathoff of Medina County that this distribution was made possible.

Of this number of tickets 463 were sent to Devine, 204 to D'Hanis and 474 to Hondo. The remainder were sent to the common school districts of Medina County. All children using these tickets must be accompanied by either a parent or a teacher. A total of 150,000 tickets have been sent out to the counties of Central Texas. Officials of the Exposition, believing that the fair here offers a number of educational advantages,

have gone to the expense of printing and distributing these tickets in order that school children of Central Texas may have an opportunity of going to the Exposition.

SENATOR BURKETT COMING.

Senator Joe Burkett, of Eastland, Texas, the only active candidate for Governor, writes us that he will visit Hondo during the campaign. From his letter we quote the following paragraph:

"I plan to open my campaign for Governor at Llano City on Thursday, January 3, 1924, and speak at Mason, Menard, Junction, Rock Springs, Leakey, Kerrville and Bandera before reaching your city at 3:00 P. M. on the afternoon of Saturday, Jan. 5, 1924, to address the voters of your town and county in behalf of my candidacy for Governor, at which time I shall be very pleased to see you personally. I shall not have time to be in your city more than one hour and would like to meet as many of your citizens as possible during that short time, as I expect to speak at Uvalde and Brackettville the same evening."

Senator Burkett will be going some to make the schedule he has laid out for himself, but he is a go-getter and will make it if any man can.

Buy Your Tires from a Firestone DEALER

At the Latest Prices—The Lowest in History

You will find the Firestone Dealer one of the stable business men of your community. He offers a clean, fresh stock, backed by a well organized service. He wants you as a permanent customer.

That is the reason he sells Firestone tires. He knows and has plenty of proof that they are the best tires on the market. He can give you the greatest value and thereby retain your trade for years.

Every day you find new proof of this unequalled value. On the 15th of this month, Firestone Tires set two new dirt track records at Syracuse when Tommy Milton slid around four turns at every mile and covered the 100 miles in 75 minutes, 33 hundredths seconds. He also established a new world's record for one mile by covering it in 42 and 28 hundredths seconds. The next four cars to finish were also equipped with Firestone Gum-Dipped Cords. Each one of them went the entire race without a stop. This and every other important race this year was won on Firestone Gum-Dipped Cords and Steam-Welded Tubes. Such performance gives you conclusive proof of their strength and durability.

Not only do race drivers use Firestone Tires as protection to their lives and the surest way to victory, but the largest tire buyers in the world insist on and buy Firestone Tires for economy and service. These buyers include the leading car manufacturers, the biggest commercial car operators and the taxicab and motorbus operators. 57,639,714 tire miles were sold to taxicab and motorbus operators in the month of August.

Think this over. You cannot afford to accept anything less than Firestone service and economy. You can buy this service and economy from any of the dealers listed below.

America Should Produce Its Own Rubber

"Slimy Taste"

"When I feel stupid, get constipated, or bilious, I take a good dose of two of Black-Draught and it sets me straight," writes Mr. George B. Haislep, of R. F. D. 2, Columbia, S. C. "It cleanses the liver and I feel all right, and have not used any other medicine as I do not see the need of it. I am a guard at the State Reformatory, and have been for three or more years. When I first heard of

BLACK-DRAUGHT

Liver Medicine

and the good medicine it was, I had been having a tired feeling when I'd get up in the morning. I would be stiff and sore, and had a slimy, bad taste in my mouth, but didn't think so much of it till I began to feel stupid and didn't feel like eating—then I knew I needed medicine. It was then I began Black-Draught, and I felt all made over, ready for any kind of work, ready to eat and sleep. So, for any return of this trouble, I take Black-Draught, and for 25 years it has been my medicine, and I wouldn't be without it at all. My work is constant. I am on my feet a lot. I am out of doors, and fresh air and Black-Draught are all the medicines I need. I recommend it to others for I know it is good."
